

# SCHOOL INFRASTRUCTURE

- ❖ Each child develop differently. At TATA DAV SCHOOL, JAMADOBA we understand this perfectly and provide our young learners with the ideal Learning environment.
- ❖ We have developed our school infrastructure with an aim to maximise the Potential of each students to learn, reduce distraction enhance focus and remove any form of discomfort or difficulty.
- ❖ School has spacious AV room/classrooms, well equipped science and computer Laboratory, big library, big play ground, garden, kids park and sick room[RAHAT].
- ❖ In a nutshell TATA DAV SCHOOL, JAMADOBA aims at giving the student a Chance of global learning and ensuring their all-round development to make them successful both in and outside the class room.
